

# Omid Farvili, PT

---

## Curriculum Vitae

### Professional Background

*In 2000, Omid Farvili graduated from California State University, Northridge with a Master's degree in Physical Therapy. Upon graduating, he worked in various settings gaining valuable experience and advanced manual skills.*

*In 2001, he helped establish Dynamic Physical Therapy. Since then, he has been leading his practice while developing lasting relationships with local physicians, medical providers and physical therapy schools. The practice is patient centered, utilizing a holistic approach with an emphasis on patient education and hands-on treatment. His clinical interests are manual therapy and therapeutic exercise to address various orthopedic injuries and pain. Presently, the goal of the practice is to provide the highest quality rehabilitation available by implementing up to date, effective knowledge and techniques.*

*On his spare time, Omid enjoys fitness training, outdoor activities and coaching his sons' sports teams.*

### Academic Achievements

- *Graduated with a Master's degree in Physical Therapy in 2000.*
- *Master's thesis title: "Surface Electromyographic Analysis of the Shoulder Musculature during a Fixed Arm Push-up and a Mobile Hand Push-up".*
